### **Continuing Professional Development (CPD)**

Attending members of Engineers Australia will be issued with a certificate acknowledging 2 hours of CPD. A cost of HK\$50 will be levied for each non-member or attendee who is not affiliated with the Support Australia Group requiring a CPD certificate.

### **Description**

Join Engineers Australia, Hong Kong Chapter (EAHK) on 28 July 2018 (Saturday) for a technical visit to the Hong Kong Children's Hospital (HKCH). The HKCH will be the first children hospital in Hong Kong's public healthcare system mainly focusing on tertiary services and providing quality specialty care for the referrals of complex and rare paediatric cases which require multi-disciplinary management. The overall design objective of the HKCH is to create a non-institutional, home-like, child-friendly, comfortable and cozy environmental for the patients. The construction works of the HKCH were commenced in August 2013 and is targeted to commence operation by phases in 2018. Participants of this technical visit will be guided to tour various clinical areas and engineering plant rooms to appreciate the design and installation of the healthcare engineering systems supporting the clinical services.

## Notice for Registration

1. The number of participants is limited to 25, and priority will be given to EAHK members.
2. All participants should be responsible for their own safety and belongings and need to sign an **Undertaking** upon registration.
3. If typhoon signal no. 3 (or above) or the rainstorm warning (red or black) is hoisted or announced to be hoisted in effect within two hours prior to the start of the visit, the visit will be cancelled without further notice.
4. Please complete and return the Registration Form to Simon FAN by email: [info@ieausthk.org](mailto:info@ieausthk.org) before 20 July 2018.
